Day 2: Jasper

The Maligne Canyon Icewalk Tour is one of Jasper's most popular and impressive winter activities. Your guide will take you to the bottom of the Maligne Canyon - the deepest accessible canyon in Jasper National Park, where you can see and explore frozen waterfalls, ice caves, and incredible ice formations. You will learn about Jasper's Maligne Valley, Karst topography, and the mystery of Jasper's disappearing Medicine Lake.

Day 3: Jasper sightseeing

On the winter wildlife tour this morning, you drive from the town centre deeper into Jasper National Park. The frozen lakes, forests and rivers provide a great backdrop for the elk, deer, moose, wolves, Rocky Mountain Big-Horn sheep and coyotes that are still very active in winter and there are good chances to see the less secretive animals. In the afternoon, you will join a 3-hour Downtown Foodie tour that takes you to four local eating places, visiting points of interest and taking in some of Jasper's tastiest tales along the way. At each restaurant, you will be able to try a top dish and a perfectly paired drink to get a real experience of Jasper's food scene.
