After breakfast, we head south to the famous Bar U Ranch National Historic Site where you can discover the life of a ranching cowboy from the late 1800s. The Bar U Ranch has the largest collection of historical ranch buildings in Canada.

Time permitting, we will aim to stop at Turner Valley, and discover Eau Claire Distillery. The new distillery is housed in the circa-1929 Turner Valley Movie Theatre and Dance Hall that in early days served as a town hall, political rally centre, dance hall and community gathering spot. Located in a place of storied history, the distillery can talk to Turner Valley's checkered and illustrious past. To the east was a famous house of 'ill repute', to the west a general store. In the hills, an aptly named landmark feature called Whiskey Ridge hid moonshine stills. On the north end of town was the notorious street called Whiskey Row.

A further 145 km. drive south takes us to the Head-Smashed-In Buffalo Jump Interpretive Centre, a UNESCO-designated World Heritage Site that preserves and interprets over 6,000 years of Plains Buffalo Indigenous culture. Through vast landscapes, exhibits, and diverse programming, you will learn from a Blackfoot Nations guide about the cultural significance of this cliff to the Plains People. From the Interpretive Centre, you can venture out along a paved trail that leads you to spectacular views of Head-Smashed-In Buffalo Jump Cliff, Calderwood Buffalo Jump & Vision Quest Hill to the north, the great prairies to the east, and the Rocky Mountains to the south.

A final 100 km drive south will take us close to the USA border and the Waterton Lakes National Park. A stay at the Waterton hotel set amidst the unparalleled scenic beauty of the Canadian Rockies is the perfect unwind after our day's adventures.

Medicine Hat has also become known for the 'Coffee Tour' on which six friendly, welcoming, independent coffee shops beckon you. Each unique coffee shop offers baristas and specialties in a culturally rich oasis.

From Medicine Hat, we drive 90 minutes and 130 km. to the World Heritage Site of the Dinosaur Provincial Park where we will join a park guide on a safari through the badlands for a chance to discover the rich fossil resource at this protected UNESCO World Heritage Site. We visit an "in-situ" fossil site where one can see fossils on the surface and learn how to identify them. We will see small fossils and learn about the diversity of animals that lived here 75 million years ago in the Late Cretaceous Period.

This evening we arrive in Drumheller, the heart of Dinosaur Valley.

This afternoon we arrive back in the bustling city of Calgary and have plenty of time to explore the fascinating Historical Village of Heritage Park.
